

HOW TO MAKE YOUR OWN BRASS INSTRUMENT

SUPPLIES:

empty plastic bottle
pair of scissors/box cutter/knife
1 piece of paper
tape
markers and stickers or other things to decorate!

STEP 1:

With an adult's help, cut off the bottom of your plastic bottle using your scissors/box cutter/knife.

STEP 2:

Roll your piece of paper into a cone shape making sure one end of the cone can fit your water bottle through. Tape your paper cone to secure it.

STEP 3:

Put your bottle through the hole in your paper cone and tape the cone to the bottle.

STEP 4:

Cut the end of your paper cone so it is even.

STEP 5:

Use your markers and stickers to decorate your brass instrument.

STEP 6:

Remove the cap from your bottle, put your lips up to the end of the bottle (not around the bottle), and keeping your lips together, blow a raspberry sound by buzzing your lips together. Start making music by buzzing into your brass instrument!

Don't forget to share your creations.
